Hi,

This is regarding your candidature with **Cambium Networks**.

You have been shortlisted for the further process. Someone from the Cambium Team would reach out to you regarding the further procedure.

As a part of the further process, you will have face-to-face interview rounds of 4-5 hours on a single day and would be great if you can carry your personal laptop with Python 2.7 pre-installed.

Regards,

**Trisha Ray**
